#### PLAN JOINS FARMERS

GIGANTIC UNION TO FIGHT TRUSTS IS PROJECTED.

Movement to Inaugurate Combine of the 10,000,000 Agriculturists in United States is Being in Iowa.

Marshalltown, Ia.—A movement has been started in Iowa to organize the farmers of the state by school districts with a view to consolidating organizations of like character in every school district in the nation for the purpose of voting the farmers as a body.

The Iowa end of the movement started at Somers, where the farmers of Calhoun and Webster counties discussed the project. It was decided to carry on the work. Officers were elected and work of spreading the propaganda is now under way. This is in charge of U. H. Carr, of Chicago, who is connected with the board of trade here, according to the return card on his envelope.

The view which is taken of the future of the movement among the farmers is illustrated by extracts from a letter which is being sent out to every farmer in the state in the hope of interesting the farmers in every school district.

"It is believed that the 10,000,000 farmers of the United States can be successfully organized into a body, beginning in the townships. It should be possible to thoroughly organize a township in a week. Organize all townships in a county, joining them together in counties, counties into states, and states into a national organization; then let farmers use their most effective weapon, the ballot, for sending representatives to their legislative bodies and to the national body pledged to see that farmers receive their just dues, the same as every other business enterprise receives, and the 50,000,000 people of the United States who are either directly or indirectly connected with agriculture will receive what they are justly entitled to.

"Our newly formed organization declares that every enterprise of any importance in the business world except farming is concentrated into a combine or trust; that if the 10,000,000 farmers of the country can be organized or joined together into a federation working as a unit they will possess a power and a force against which nothing can prevail, and can then, and then only, successfully combat the adverse influence which are combined against them."

W. H. Latsch, president, and T. F. Moore is secretary of the first organization in Iowa along this line.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other oils in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

#### Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. #### WHY IT SUCCEEDS

Because It's For One Thing Only, and Richmond is Learning It

Nothing can be good for everything. Doing one thing brings success. Doan's Kidney Pills do one thing only.

They cure backache—every kidney ailment.

Here is evidence to prove it: Elsworth Blackburn, carpenter, of Versailles, says: "Some few years ago I was employed in a freight house and the nature of my work, being on my feet so much of the time and doing so much heavy lifting, the doctor told me was the cause of my kidney trouble. After leaving this position I went to work in a tobacco factory, which did not seem to be any better for me as the doctor still worse. The aching across the small of my back was so severe that I could hardly stoop or straighten and the secretions from the kidneys were not free enough in action, were discolored and at times painful. I feared of Doan's Kidney Pills and procured a box. They helped me right from the start and I kept on with the treatment until I was well, the aching ceased and the urinary trouble was cured. I cannot speak too highly of this valuable remedy."

Plenty more proof like this from Richmond people. Call at B. L. Middleton's drug store and ask what his customers report.

For sale by all dealers. Price 50c. Foster-McIlburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
